

Troop 109 Use of Photographs at www.troop109ct.org

I understand that my Son's Boy Scout Troop, Connecticut Rivers Council Troop 109, currently has a web site located at <http://www.troop109ct.org> on which the Troop has created an on-line photo album of the Troop's activities, outings, adults, leadership and youth on this web site and intends to update that album from time to time as the Troop collects new photographs of new activities and events. I also understand that I have the option of allowing or disallowing the use of photographs in which my Son appears in that on-line photo album.

Accordingly; (please check the option you choose below)

I have no objection to the Troop publishing any photographs on the Troop's web site in which my Son appears regardless of whether or not he is clearly identifiable. At no time will a youth's name be published on the site in conjunction with a photograph.

I do not wish to have any photograph published on the web site in which my Son is known to be one of the subjects in the photograph or in which someone who is familiar with my Son would be able to clearly identify him.

Scout's Name: _____

Parent / Guardian's Name: _____

Parent /Guardian's Signature: _____

Date: _____
